3. Mission:

- For members to be skilled ethical hackers through training.

4. Objective:

- The Club should be a place where people facing problems, like a broken hard drive, can come and ask for help, and we can assist them. It should also be capable of training students to enhance their coding and ethical hacking skills.

5. The Constitution -In review:

- Mr. Kwesi Elliot asked the members what they want from the club as he speaks on the topic 'Vision for the Club'. It was said that the club members need to have the necessary skills to be ethical hackers that people and companies can trust as a reliable source for help with security threats.
A highly skilled security team as members of the club will respond quickly and efficiently to deal with threats when needed.
